CREDIT REFERENCE AGENCIES AND FRAUD PREVENTION AGENCIES

The personal information we have collected from you will be shared with fraud prevention agencies who will use it to prevent fraud, money laundering and to verify your identity. If fraud is detected, you could be refused certain services, finance or employment.

In order to process your application we will also perform credit and identity checks on you with one or more credit reference agencies (CRAs). To do this we will supply your information (including information from your credit application and about your financial history) to CRAs. If we provide you with a Loan (as defined below) we may also make periodic searches at CRAs to manage your account with us.

These CRAs will give us information about you, including supplying us both public (including the electoral register) and shared credit, financial situation and financial history information and fraud prevention information. We will use this information to assess your creditworthiness (and whether you can afford to take a Loan), assess product suitability, check your identity and verify the accuracy of information you have provided to us, manage any Loan with us, trace and recover debts and prevent criminal activity, fraud and money laundering. We will also continue to exchange information about you with CRAs on an ongoing basis, including about your settled accounts and any debts not fully repaid on time. If you borrow and do not repay in full and on time, CRAs will record the outstanding debt. This information may be supplied to other organisations by CRAs. When CRAs receive a search from us they will place a search footprint on your credit file that may be seen by other lenders. CRAs will share your information with other organisations. Your data will also be linked to the data of your spouse, any joint applicants or other financial associates so you should make sure you discuss this with them, and share with them this information, before lodging the application. The identities of the CRAs, their role also as fraud prevention agencies, the data they hold, the ways in which they use and share personal information, data retention periods and your data protection rights with the CRAs are explained in more detail at www.equifax.co.uk/crain, www.experian.co.uk/crain or www.callcredit.co.uk/crain
